Hi,

Please file for modification of your previous Callsign: WJ2XGU rather than filing a new application. The application was processed and rejected by our Spectrum Coordination Branch since this is a duplicate of the existing record with the same values in Frequency, Transmitter Location, Transmit Lat/Long. Please mention in the mod that you're changing the ERP value.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of February 21, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
