Subject: ITU Cost Recovery Fees for the OSIRIS-3U network.

Reference: FCC Experimental Application File Number 0211-EX-ST-2017

Dear FCC Secretary,

The Pennsylvania State University's Student Space Programs Laboratory, proposed operator of the subject network, is aware that as a result of actions taken at the International Telecommunication Union's 1998 Plenipotentiary Conference, and further modified by the ITU Council in subsequent years (1999, 2001, 2002, 2004, 2005, 2008, 2012 and 2013), processing fees will now be charged by the ITU for satellite network filings. As a consequence, Commission applicants are responsible for any and all fees charged by the ITU. The Pennsylvania State University's Student Space Programs Laboratory hereby states that it is aware of this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for the OSIRIS-3U satellite. Please address all correspondence related to the OSIRIS-3U satellite to the following point of contact:

Point of Contact Name: Sven G. Bilen, Director

Organization Name: The Pennsylvania State University's Student Space Program Laboratory

Address: Sven G. Bilen
213 Hammond Bldg.
University Park, PA 16802 United States

E-Mail: sbilen@engr.psu.edu
