Dear Carl,

Thank you very much for your quick response.
I have made a typical "copy and paste" mistake. This STA is only necessary for one site, i.e. for Walnut Creek
I apologize for trouble caused.

Classification:

In your explanation of why STA is necessary, you stated "two sites:" "(The original experimental license was for 2 shows; the 2 sites for this STA are for actual consumer preference studies in an actual clinical environment.)"

But application shows only Walnut Creek, CA site. Please clarify.
