DISMISSED-WITHOUT PREJUDICE

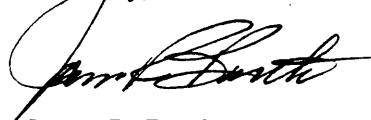

Dear Marsha Palmer,

This refers to application, File No. 0058-EX-RR-2002, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. Station KB2XMK was consolidated into station KB2XPO when the latter station's license was granted on May 27, 1996. At that point, KB2XMK ceased to exist. Station KB2XPO expired on July 1, 1998, and was not renewed. If you would like to resume operating authority of this experiment, you will need to file for a new license on Form 442, either electronically at the same filing site that you filed the instant application, or on the paper form. The instant application is hereby dismissed without prejudice.

Responses to this correspondence must contain the Reference number : 1850
