Subject:

---

Message:

Please submit a copy of your orbital debris study (ODAR) and spacecap study. You will need to email the spacecap to me directly since the ELS system can not handle the file type. If your satellite will have a camera we'll also need a copy of your NOAA remote sensing approval.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 11, 2014 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
