Reference: STA Application 0043-EX-ST-2007
Subject: Request for Priority Review
Date: 14 March 2007

Dear Mr. Burtle,

Pursuant to recent discussions with Mr. Kennedy and Ms. Hay, Plextek Ltd., the applicant to the Reference Application, has been advised that our position in the queue for review of our application has been extended.

We wish to respectfully request a priority rating for review, in as much as our product is an identified asset in the Department of Homeland Security (DHS) SBI net Program (Electronic Fence.) Since the last STA, Plextek has become a member of the SBI net Team. Boeing Corporation is the Lead Systems Integrator under DHS and we are a third tier vendor. In order for Plextek to meet timely requirements, and provide this new technology to DHS, we must coordinate with the various contractors and State and Local Governments, and provide demos and trials, which are outside of the scope of the direct USG contract. In order to provide this state of the art technology to the US Government and meet the task current and future task orders, we have requested the reference a commercial, non-Agency affiliated STA to accomplish these tasks.

We at Plextek fully support the aggressive tasks mandated by the Dept of Homeland Defense on the SBI net project. Without prompt approval of the Reference STA 0043, Plextek will not be able to provide this technology which supports the Dept. of Homeland Security initiatives.

Our demos to the US Government customers and related government contractors commence during the month of April, 2007. If you have any questions, please feel free to call my office. Tel 321 947 3448
