

The trial for Entergy is going well. We have demonstrated various utility applications including high speed internet, VOIP, VOD, AMR, Remote Disconnect, IP surveillance camera's. We have met with the ham radio contacts and they are cooperating with us to ensure that the notching is properly working. Based on this success, we would like to expand into a LittleRock Rural trial.

The coordinates of the trial are Latitude 34.6572 N longitude 92.2532 W
The zip code is 72206 and has been added to the BPL database.
