Re: Reference #15333

Dear Mr. Serafini,

It is approaching 30 days since the last correspondence and am providing an update to ensure our application does not get dismissed. With regard to AT&T, they are in the process of drafting an agreement for us to review and sign. As for Comcast, the contact noted in their licenses was not the appropriate person for negotiating an experimental usage agreement. We are awaiting for Comcast to respond with the appropriate contact so we may start the appropriate dialogue with them.

Very Respectfully,
Jeremy Kaufman
