Subject: 0238-EX-CN-2020 pre-coordination data request

---

Message:

This FCC license application is for a GPS repeater to be located in the middle of our building suite at 20511 Seneca Meadows Parkway, Suite 100, Germantown, MD 20876. I don't think the FAA needs to be coordinated with.

If I'm wrong could you please let me know the form I'm supposed to coordinate with ... thanks.

r/Mike
