This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that the frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant. Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.

AFTRCC comments: Renewal of current FCC license with no previous issues reported.

Missile and missile component check out. All testing conducted in indoor facilities and requester states all transmitters are hooded prior to testing. 40 watts transmitter power requested however, requester states most testing is conducted at 5 watts of power.

Please reply via return email as to concurrence, non-concurrence, scheduling, or

additional comments.
