Subject: Raytheon Experimental VSAT Application

Carl,

As a follow-up to our telephone discussion, Raytheon hereby requests dismissal of its earlier-filed Experimental VSAT application that was assigned FCC File Number 241-EX-PL-2001.

As you know, Raytheon wishes to prosecute the Experimental VSAT application filed on November 15, 2001, which bears FCC File Number 258-EX-PL-2001.

Thank you, and please let me know if you need anything else concerning the application at this time.

Ray Bender
Counsel for Raytheon Company
