DISMISSED-WITHOUT PREJUDICE

Dear Mr. Weckback:

This refers to application, File No. 253-EX-PL-2000, for Experimental Radio License.

You are advised that the Commission was unable to make the finding that public interest, convenience and necessity would be served by a grant of the application in the manner requested. Raytheon Company's proposal to operate on the 31.3-31.8 GHz band is rejected because of potential interference to Radio Astronomy, Space Research, and Earth Exploration-Satellite operations.

Sincerely,

A handwritten signature in black ink, appearing to read "James R. Burtle", written in a cursive style.

James R. Burtle
Chief
