

FCC Form 703

When I viewed form 703 file, I noticed the Licensee Information was the same as the Transferee Information. I believed that happen because I was advised by the FCC to resubmit this request because of problems the OET branch was having with its payment system.

Once I notice the Licensee and transferee information was the same, I could not find a way to change the Licensee Information so I am including the Licensee Information in this attachment.

If you have any question on this please contact me via email at or call me at 310-616-9242.
