

Raytheon IIS
File Number: 0228-EX-PL-2013
Post-Grant Exhibit
Call Sign: WG2XPA

Post Grant Exhibit – Updates to Licensee Contact Information

On May 1, 2013, the FCC's Office of Engineering and Technology granted application file number 0228-EX-PL-2013, Raytheon's application for experimental use of frequencies in the 420-450 MHz band.

Raytheon IIS is submitting this post-grant exhibit to update information on the license, in accordance with the provisions of the Commission's regulations requiring licensees to ensure that all information on a license is up to date.

Raytheon is requesting that OET update WG2XPA and the Commission's records so that they have the following information:

Correct Applicant Information:

Raytheon Intelligence, Information and Systems
Attention: John Martinez, Senior Counsel
22265 Pacific Boulevard, Rm. 656-R9-2
Sterling, VA 20166
571-250-2601 - telephone
IISFCCLicenses@raytheon.com

Correct Contact Information:

John Martinez, Senior Counsel
571-250-2601 - telephone
John.t.martinez@raytheon.com
