Dear Ms. Hey:

In accordance with sections 1.65 of the Commission's rules and in accordance with the practice and procedure specified by the Office of Engineering and Technology on its website, <https://fjallfoss.fcc.gov/oetcf/els/misc/FccElsFAQ.cfm>, we are writing to the Office of Engineering and Technology to request that the Commission's records be updated to properly reflect the name of the entity that holds the referenced licenses. All of the call signs on this letter should show Raytheon Missile Systems as the entity which holds the license. The chart below indicates for each license what the current entity name is and the reason for the change. By way of background, the Raytheon Spectrum Management Council has asked its business units to be responsible for the licenses that are used at their facilities. Therefore, these name changes are not the result of a corporate transaction, but merely the reassignment of responsibilities within an existing corporate structure. No actual or pro forma transfers of control have taken place.

Table of Changes:

Call Sign	Current Licensee Name	Post-update Licensee Name	Reason for Change
KA2XAG	Raytheon Company	Raytheon Missile Systems	Internal assignment of responsibility for license operation
KI2XDD	Raytheon	Raytheon Missile Systems	Internal assignment of

These licenses are under the control of the Raytheon Missile Systems business unit, where the spectrum management office is headed by Thomas J. Fagan, Spectrum Manager, Raytheon Missile Systems, 1151 East Hermans Road, P.O. Box 11337, Tucson, Arizona 85734-1337 (520) 794-0227, tjfagan@raytheon.com. Mr. Fagan is the contact representative on each of the licenses already.

Should you or your staff have any questions about the requested changes or if there is any additional information we can provide to help this process, please give me a call at 202-457-7528. Thank you very much for your assistance with these updates.
