

Raytheon Missile Systems  
Experimental License Renewal WD2XLE  
File Number: 0360-EX-RR-2014

### Exhibit 1 – Explanation of Continuing Experiment

Background: Raytheon Missile Systems uses this experimental license to provide differential GPS (D-GPS) correction signals to various programs to allow them to use precision positioning for testing for its DOD customers.

This exhibit is being filed to update the stop buzzer point of contact to: Mr. Thomas J. Fagan, Spectrum Manager, Raytheon Missile Systems, 520-794-0227, [tjfagan@raytheon.com](mailto:tjfagan@raytheon.com).

In accordance with Special Condition 2 on the existing license, Mr. Fagan requested coordination from the “area frequency coordinator of the Amateur Radio Service” by contacting the Amateur Radio Council of Arizona frequency coordinator Mr. Lance Halle. Any further coordination will be completed as required.

For further information about this renewal request, please contact Anne Linton Cortez, 520-360-0925, [alc@conspecinternational.com](mailto:alc@conspecinternational.com) or Tom Fagan, 520-794-0227, [tjfagan@raytheon.com](mailto:tjfagan@raytheon.com).
