

Amendment Summary:

The 2025–2500 MHz band has been split into two separate segments (2025–2310 MHz and 2350–2500 MHz) to prevent interference with the Sirius XM Satellite Radio license.

Additionally, the emission designator has been updated from G2D to G1D.

Attachment Update:

- **Location 3:** Sandwich, MA
- **Flight Elevation:** 2,700 feet
