Subject: FCC File No. 0928-EX-ST-2016

Message:

The frequency band 2390-2395 MHz (within the requested 2375-2395 MHz) is not allocated to AFTRCC operation. However, it would have to be coordinated with NTIA for review and approval. If we send the intended 2375-2395 MHz band, it will not be returned in time for your operation. Therefore, if there is no need for 2390-2395 MHz, can this portion be excluded?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 28, 2016 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
