---

Message:

Dear Mr. Ghaffari,

I have modified the frequency range of my request to match an experimental DSP device that Rincon Research is currently developing.

Your last response didn't address many of my questions, but I understand that you may be very busy. Is it possible to see examples of successful experimental program license applications. Perhaps that would allow me to better understand the requirements and philosophy of this new type of license.

Regards,

Dr. Michael N. Parker

Chairman of Board

Rincon Research Corp.
