Letter of Frequency Recommendation, Flight Test

To: Rockwell-Collins Inc.
Attn: Maggie O'Neill
1300 Wilson Blvd.
Suite 200
Arlington, VA 22209-2307

110 PROZ

This is in reply to your 7/19/02 letter, requesting AFTRCC coordination for a new Mobile station license.

Frequencies, emission designators, and maximum output power assigned to this recommendation are as follows:

Frequency	Power	Emissions
123.425 MHz	25 W	16K00A3E
123.475 MHz	25 W	16K00A3E

The following additional information has been provided to AFTRCC by Rockwell-Collins Inc. for an Aircraft Radio Station License, and should be reflected on their FCC Application:

Number Ground
Mobile Unit: 2

Mobile Area
of Operation: Melbourne FL and 150 mirad

AFTRCC Recommendation Letter: Rockwell-Collins Inc.

7/23/02 - Page 2

This recommendation is advisory only and not binding on you or the FCC. It does not constitute a judgement that the frequency(ies) specified is(are) best suited to your purpose or that the assignment is exclusive to your Company. In utilizing this recommendation, the Company agrees to release and hold harmless AFTRCC, its officers, members, agents and representatives from and against any claims, losses, damages, or expenses which may arise as a result of your Company's use of the frequency(ies) specified.

This frequency recommendation letter will be valid only for a period of 90 days from the date of this letter. If an application for license has not been filed with the Federal Communications Commission within that period, it will be necessary to request a new frequency recommendation. This coordination is valid for a period of 5 years only.

The original of this letter should be attached to your application for a license when it is filed with the Federal Communications Commission.

AFTRCC Frequency Advisory Committee
