

**Rockwell
Collins**

Washington Office

September 19, 2001

Mr. Carl Huie
Federal Communications Commission
445 12th Street, SW
Washington DC, 20554

Dear Mr. Huie,

Rockwell Collins would like to amend its renewal application for Call Sign WB9XMD (original application: FCC file number 0066-EX-TC-2001, renewal application: FCC file number 0164-EX-RR-2001). Call Sign WB9XMD is a FCC experimental Special Temporary Authority to test a high-speed wireless local area network operating in the U-NII and 5.8 GHz ISM bands.

The requested extension is for an additional six months (until April 15, 2001) and is necessary due to scheduling difficulties between Rockwell Collins and US Army Communications Electronics Command. Rockwell Collins is confident no additional extensions will be required.

Thank you for your consideration of this matter. If you have any questions, please feel free to contact me at 703-516-8213.

Sincerely,

Joseph Cramer
