AFTRCC concurs with your request for renewal of Special Temporary Authorization (WA9XDY) for VHF data link testing during the period September 1, 2000 thru February 28, 2001. This is a renewal of a previously coordinated STA.

Type(s) of operation(s):	Aeronautical Mobile and Fixed Base
Location:	Melbourne FL. and 150 mirad
Coordinates:	280510N0803829W
Period of authorization:	September 1, 2000 - February 28, 2001
Frequency:	123.425 MHz (in conjunction with M123.475 - KMC6)
Emission(s):	13K0A2D / 14K0G1DE
Power:	30 watts, both Fixed and Aeronautical
Restrictions:	Aircraft is limited to flight level 10,000 and below during data link testing.

This recommendation is advisory only and not binding on you or the FCC. It does not constitute a judgement that the frequency(ies) specified is/are best suited to your purpose or that the assignment is exclusive to your company. In utilizing this recommendation, the company agrees to release and hold harmless AFTRCC, its officers, members, agents and representatives from and against all claims, losses, damages, or expenses which may arise as a result of your companies use of the frequency(ies) specified.

This frequency recommendation letter will be valid only during the period specified above. If an application for an STA has not been filed with the Federal Communications Commission within that period, it will be necessary to file for a new coordination.

The original of this letter should be attached to your application for STA when filed with the FCC.

AFTRCC Frequency Advisory Committee
