Ben,

Thanks for the email. I am **not** planning to coordinate directly with NTIA through FAA. The Washington DC poc at FAA (John Cabala: 202-267-8584) said that the FAA would not have a problem with the license but it needs to be coordinated with NTIA. As a result, I would request that you send the license to NTIA for coordination. Please feel free to contact me if you have any questions. Thanks.

Subject Clarification for FCC File No. 0667-EX-PL-2006

Mr. Giff,

Pursuant to our phone conversation yesterday regarding FCC file No. 0667-EX-PL-2006, my understanding is that you are planning on coordinating with the FAA at NTIA directly, please correct me if I'm wrong. If that's the case, please concur that you were advised by the Commission to prior-coordinate with the regional FAA office before your application being sent to NTIA and you declined to do so.

Thanks

Ben Ghaffari
