d. Location See attachment	e. Nature of Service Experimental	
f. Class of Station See attachment	g. Expiration Date 8/1/88	

4. Note any changes such as discontinuance of use of a frequency, or of a type of emission or of a transmitter, correction of serial number of a transmitter; or any minor change in a transmitter not requiring a construction permit, which have been made since the last application covering this station was filed:

No change

5. Applicant represents that there has been no change in applicant's organization and that there has been no transfer of control or changes in the applicant's relation to the station, financial responsibility, or in the equipment authorized to be used by the station; that applicant's most recent application or report embodying this information (file 1335-EX-R-86 date 6/17/86) is to be considered as a part of this application, and the truth of the statements therein contained is hereby reaffirmed. Note here any further exceptions, not already covered in question 4.
Grant of this application would not constitute a significant action pursuant to section 1.1307 of the Commission's rules.

6. Applicant waives any claim to the use of any particular frequency or of the ether as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests a station license in accordance with this application. Applicant acknowledges that all attached exhibits are a material part hereof.

Willful false statements made on this form are punishable by fine and/or imprisonment.
U.S. Code, Title 18, Section 1001.

Certification

I certify that the statements in this application are true, complete and correct to the best of my knowledge and belief, and are made in good faith.
