Gentlemen:

Application is made herewith on three separate FCC Forms 442 to modify the referenced experimental, U.S. government contract, licenses to add two frequencies as requested by the contractor, the Drug Enforcement Administration. Also, the contract number should be updated to specify DEA-91-C-0006, which has been issued to cover the period through September 30, 1995.

A separate FCC Form 155 is attached to each application and three checks for \$35.00 are enclosed, one with each Form 155, to cover the filing fees.

A copy of this letter is attached to each application.

Your early consideration in this matter will be appreciated.

Sincerely,
Rockwell International Corporation
