Mr. Rusgrove:

You can't delete exhibits, but you should submit another exhibit explaining the situation and then submit the corrected attachments. Carl Huie will be processing this application, so if you feel that you need to explain something further, contact him at Carl.Huie@fcc.gov or (202) 418-2430.

You can submit all this at our filing site by using the "Add Attachments" link. I cannot replace them for you today, since I am telecommuting and have no access to our internal system.

Re File number: 0060-EX-PL-2005, conf# : EL413708

Hello

Jim Burtle suggested I contact you.

I submitted a form 442 Monday morning with two text and two .jpg attachments. The two text attachments had an incorrect file number (0016-EX-PL-2005 from the OET Test Site by mistake) at the top of the page. The other information on the pages is correct.

2/16/2005

There appears to be no way for me to delete or replace the text file attachments. I have attached the two corrected files with this e mail in case you can replace them. If not please advise any corrective action I can take.

Thank you for your time and I'm sorry for the inconvenience.

Jay B. Rusgrove
