Message:

Mr. Roarty,
The possibility of obtaining an experimental license within those proposed frequencies on the NPRM is much higher than what you have requested on your application, specifically if there is a service rule to be implemented in near future. Would you like to remove the frequencies you initially submitted?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of October 19, 2016 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
