SUBJECT: License Renewal Denied
Call Sign WA2XXF

Dear Mr. Butle:

Rutgers University has maintained an experimental license with the Federal Communication Commission since 1998. We were issued renewals through submittals of Form 442 over this time period. Our license was set to expire on March 1, 2011. We submitted form 405 for the first time on February 21, 2011. We were unaware of the fact that we needed to submit the license for renewal 60 days in advance of the expiration date as written in Section 5.59 of the FCC regulations. Please excuse us for this oversight and we ask that you grant us a new license to carry out our experiments.

If you should have any questions on our license application please contact me at the information below.

Sincerely,

Hugh Roarty
