Dear Sir/Madam:

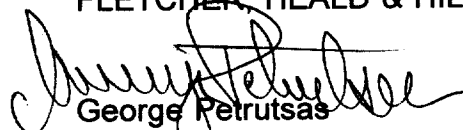

On behalf of Safety Warning Systems, L.C. (SWS), we are filing its Application for a new radio station authorization under Part 5 of the Commission's Rules.

The Applicant is seeking authorization to continue operation of a safety related signal transmitter system in the 24 GHz band. Concurrent with the filing of this Application, SWS is requesting an extension of the STA under which it initially developed the safety signal system. The Commission has proposed rules in WT Docket No. 97-153. which will facilitate the permanent operation of SWS's safety signal system. SWS requests authorization of an experimental license until such time as the Commission has taken final action in WT Docket No. 97-153.

As required by the Commission's Rules, a check payable in the amount of forty five dollars (\$45.00) and FCC Form are enclosed herewith for filing with the Mellon Bank in Pittsburgh, Pennsylvania. Please communicate with us if you need any further information.

Very truly yours,

FLETCHER, HEALD & HILDRETH, P.L.C.
