

Description of Application

SafeView, Inc., by this application seeks to modify its existing license (Callsign WD2XKP) in order to include additional locations. Locations in Arlington, Virginia, previously were authorized under Special Temporary Authority (0330-EX-ST-2005). An additional location is sought for the General Electric Global Research Center in Niskayuna, NY.

Continued research and development under the subject experimental license is conducted in order to provide additional security and law enforcement products. The research conducted under this license serves the public interest through the enhanced products made available. Grant of the modification application would continue to serve the public interest.
