Mr. Burtle -

Thank you for speaking with me regarding the urgent STA this afternoon. Attached, please find the exhibit which we will attach to the application.

Unfortunately, although I have the application number from yesterday's filing, I do not have the confirmation number required to modify the application with an attachment. If I can instead upload the attached as a "Reply to Correspondence" I will do so.

Thank you.

Re: 0330-EX-ST-2005, Filed June 8, 2005, by SafeView, Inc.

Dear Mr. Burtle:

SafeView apologizes for the urgent nature of this application.

Congressman John Mica, Chairman of the Subcommittee on Aviation of the House Committee on Transportation and Infrastructure, has indicated a strong interest in seeing a demonstration of the SafeView device, which has applications for airport security (among other areas of homeland security). Dates for the demo have been under discussion for several days. Congressman Mica notified SafeView's representative only yesterday that he is likely to be available on June 14 and upon notification of the Congressman's schedule, the captioned application was immediately submitted. The urgent nature of this application is an attempt to accommodate his schedule.

We appreciate your help. Please call with any questions
