Supplemental Showing Pursuant To: 101.103 (d) Frequency Coordination Procedures

Reference:

Mavenir Systems Inc
Job Number: 210611COMSRH01
RICHARDSON - RXONLY, TX.
4.0 GHz ANALOG MICROWAVE SYSTEM
Experimental Application - STA
*** Expedited Response Requested By June 24, 2021 ***

Coordination data for the referenced microwave route was forwarded to the existing licensees and applicants whose facilities could be affected on June 11, 2021.

Frequencies allocated for standard use were not used since they failed to meet the interference protection criteria as specified in FCC Rule Part 101.105. Therefore non-standard frequencies were assigned to this path for two-way communications in order to follow the predominant plan in the environment in accordance with FCC Rule Part 101.147.

The following carriers or their designated coordination agents were notified, and there are no unresolved interference objections.
