

SandLinks Tag

Technical Specifications

Function	Value
Power	3V Lithium Battery, 3 years
Location	1-2 feet accuracy
Physical Dimensions	52 x 49 x 14 mm
Authentication	Yes
Range	Up to 150 feet Indoor, 500 feet outdoor
Support for concurrent multiple readers	Yes
RF Center Frequency	4GHz
Modulation Bandwidth	>-10dBc @±250MHz from center Frequency
Tag Antenna Pattern	Omni
Polarization	Vertical and Horizontal
Metal sensitivity	No
Temperature sensor	Yes
Read / Write, on-board memory	16Kbit with password protected WORM segment
Operational Temperature Range	-30°C to +65°C

All specifications are subject to change without notice
