Attached is a coordination for the subject experimental STA. The requested start date is **04/15/2017**. This request is for testing robotics between **04/15/2017** and **05/01/2017**. This application was just filed today, so I am asking for responses back by COB **04/25/2017**. Anything sooner would be appreciated, but not expected or required.

Please CC ELB-Coordination-Info@fcc.gov with all responses.
