Subject: request for info 0732-EX-ST-2026

---

Message:

Dear FCC Experimental Licensing Branch,

Thank you for your feedback. We have amended our application (File No. 0732-EX-ST-2026) accordingly.

As we intend to operate and demonstrate our system at 5 specific locations, we have updated the application to include the exact coordinates for each venue and removed the large nationwide radius that was previously submitted.

Please let us know if the amended application meets your requirements or if any further information is needed.

Thank you for your continued assistance.

Best regards,

Raviv Levita
