DISMISSED-WITHOUT PREJUDICE

Dear Chad Rochman,

This refers to application, File No. 0365-EX-ST-2013, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. We have received objections from Federal Government agencies and are concerned about potential interference to emergency services, such as E-911. If these operations can be conducted inside a Faraday cage or similar RF-shielded enclosure, then you can proceed without authorization from the FCC.

Responses to this correspondence must contain the Reference number : 20125

Sincerely,

Nnake Nweke
Chief
Experimental Licensing Branch
