ATTN: Application Processing

Gentlemen:

Enclosed please find our request for Special Temporary Authorization and a copy of our form 442, Modified Radio Station Authorization for KA2XZZ. I have also enclosed a copy of the most recent license as well. Copies of all have been sent to Mr. Franklin White at OET.

I apologize for not sending this matter to your office in a more timely fashion. While I offer no excuses, I must report that in a large organization, such as Seiko, departments tend not to communicate so well, thus problems such as this do occur. In the future you may rest assured that our application will be sent within the appropriate time period.

I sincerely hope that your office can at least tend to the STA matter in time for our first presentation on January 6th, 1995. I thank you in advance for your prompt attention.

If you have any questions, comments or concerns about either matter, please don't hesitate to contact me directly. I am available by phone, fax and by mail at the following:
