

NARRATIVE STATEMENT

Sennheiser Electronic Corporation (“Sennheiser”), a leading manufacturer of wireless microphones, respectfully requests special temporary authority (“STA”) to utilize Wireless Multi-Channel Audio Systems (“WMAS”) as set forth in the chart below. Sennheiser, in coordination with AFTRCC, is conducting field tests of its WMAS equipment that are governed by an electronic key to prevent any interference. Sennheiser intends to utilize spectrum in the AFTRCC band as set forth below and has received AFTRCC coordination, which has been submitted as a separate attachment.

Sennheiser intends to operate WMAS as follows:

Date	Location	Frequency	Power
September 4, 2026-December 31, 2026	1 Enterprise Drive, Old Lyme, CT 06371	Within 1435-1525 MHz	50 mW
