Parent File No. 0030-EX-TU-2014
(File Nos. 0039-EX-TC-2014 and File No. 0040-EX-TC-2014)

Ref. 24160

Mr. Young:

In reply to your inquiry, please note that a total of 4 transfer of control applications have been filed with respect to this transaction.

In addition to the above-referenced Parent Application under File No. 0039-EX-TC-2014 (WG2XXX and WE2XDA), the following three additional transfer of control applications have been filed with the FCC related to this pro forma transaction:

1. Experimental - Call Sign WG2XBC – Parent File No. 0031-EX-TU-2014 (File No. 0041-EX-TC-2014) (Status: Pending)
2. Wireless - WPKH610 – File No. 0006304821 (Status: Granted)
3. Wireless - WQIT411 - File No. 0006304980 (Status: Pending)

It is my understanding that the transaction is expected to close at the end of this month (approximately June 30). Therefore, it would be greatly appreciated if action on the two experimental transfer applications could be obtained prior to that date.

Should any further questions arise with respect to this matter, please do not hesitate to contact the undersigned.

Best regards,

Jeff Rummel
