

EXPLANATION OF AMENDMENT TO APPLICATION

The instant amendment changes the name of the applicant from “BAE Systems Information and Electronic Systems Integration Inc.” (“BAE Systems”) to “Sensor and Antenna Systems, Lansdale, Inc.” (“SASL”). Consistent with the change in applicant name to SASL, SASL’s mailing address, contact person and applicant signator have been inserted into this application (“Application”) as well.

The instant Application seeks Commission authority for a 2 year experimental license for certain facilities which were granted by STA pursuant to File No. 0694-EX-ST-2005. Because the Application was timely filed, the applicant has continuing authority to operate under the terms of the STA previously granted under File No. 0694-EX-ST-2005 during the pendency of this Application.

The Commission recently granted a separately-filed application (See File No. 0013-EX-AU-2008 – associated with File Nos. 0007-EX-AL-2008 and 0008-EX-AL-2008 – the “Assignment Application”) for assignment of the following experimental authorities from BAE Systems to SASL: WC9XJE (0693-EX-ST-2005) and WC9XJM (0694-EX-ST-2005).

In light of the Commission’s grant of the assignment of the underlying STA (0694-EX-ST-2005) from BAE Systems to SASL, the anticipated closing of the assignment transaction, and pursuant to instructions from Commission staff, the instant amendment updates the Commission’s records to reflect SASL as the applicant for the Application, with conforming changes to the applicant’s contact information and signator. In the event that for some reason closing does not occur as anticipated, the Commission’s records will be returned to the original applicant name, contact person and signator.
