Your application is in a return status for the reason(s) indicated below. **You must file an Amendment to your application referenced above using FCC Form 601, 602, 603, 605 or 608, as appropriate, to provide the requested information before the FCC will resume processing your application.** Amending your application without making all the necessary changes and/or providing the requested information may result in dismissal of your application pursuant to Section 1.934 for failure to prosecute. **If you do not file an Amendment to your application within 60 days of the date at the top of this letter, your application will be Dismissed.** If a fee is submitted with the amendment, refer to the Fee Filing Guide for the proper mailing address in St. Louis, MO. **Please note: This return notice may be sent to multiple parties to the application such as the applicant, the point of contact, and/or the coordinator. Please coordinate your response to this return notice to ensure that only one amendment to the application is filed. Commercial Radio Operator applicants should return this notice along with the amended FCC Form 605 and any attachments including PPC and photographs in the package when resubmitting.**

Certain services are subject to mandatory electronic filing pursuant to Section 1.913. For all other services, you may file your application either electronically or manually, but not both. Electronic filing is recommended for the few radio services where manual filing is permitted. For information on how to file electronically, visit the website at <http://wireless.fcc.gov/uls>. If you wish to file your application manually, application forms can be obtained from the FCC's website at <http://www.fcc.gov/formpage.html>, by calling the FCC's Forms Distribution Center 800-418-FORM (800-418-3676), or from FCC's Fax Information System by dialing (202) 418-0177. Amendments submitted manually should be mailed to Federal Communications Commission, 1270 Fairfield Road, Gettysburg, PA 17325-7245. Overnight courier and hand delivered amendments should be sent to Federal Communications Commission, 1280 Fairfield Road, Gettysburg, PA 17325. For additional assistance, you may visit the website at <http://esupport.fcc.gov>. You may also call the FCC at (877) 480-3201 (TTY 717-338-2824). To provide quality service and ensure security, all telephone calls are recorded.

APPLICATION RETURNED FOR THE FOLLOWING REASONS:

The answer to the question, "is this station covered by grandfathered privileges" should be answered no. Location 2, Antenna 1- receive zone is required.

The attachment states that the purpose of the application is to allow demonstration and training communications in connection with the waiver granted in Order DA 10-831. Order DA 10-831 already permits testing communications. Explain why additional testing beyond that permitted by Order DA 10-831 is required.

In addition, the attachment states that all of the requested frequencies are already assigned to Station WLO. We note, however, that frequency 9.0626 MHz is not currently assigned to Station WLO. Explain the basis for requesting this frequency.
