Exhibit 2

Foreign Ownership of Transferee Continental AG

Due to the nature of the licenses involved in this transaction, a foreign ownership ruling pursuant to Section 310(b)(4) of the Communications Act is not required.

Notwithstanding this, this Exhibit is provided to specify the following:

1. Continental AG is a German publicly listed stock company.

2. The shares of Continental AG are freely traded, and therefore it is possible that any one time more than one-fifth of Continental AG's capital stock is owned by aliens. As explained above, however, due to the nature of the licenses involved in this transaction (private land mobile radio stations), a foreign ownership ruling pursuant to Section 310(b)(4) of the Communications Act is not required.
