APCO approves the use of 800MHz frequency pairs:
856/811.2375, 857/812.2375 and 859/814.2375 at two sites in
Cedar Rapids IA for use on this experimental license. As
indicated in documentation provided with the application,
Siemens' use of these Public Safety channels is secondary to
any future licensed public safety stations operating in the Cedar
Rapids area.

If there are any questions or concerns regarding this approval
certification, please feel free to contact me.

Michelle Fink
Processing Manager
APCO International
