4800-4820 MHz	MO	20M0D7W	8 W (ERP)	0.002 %

Special Conditions:

- (1) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (2) Stop Buzzer POC: Thomas Hayes (831) 251-5028 ,
thomas.hayes@silvustechologies.com.
- (3) All operations are on a non-interference basis (NIB) and shall not cause harmful interference to, or claim protection from, any other lawfully operating stations. Silvus Technologies, Inc. should be aware that other stations may be licensed on and nearby these frequencies and if any interference occurs, they will be subject to immediate shut down.
- (4) All operations shall be limited to ground-based, indoor use, and line-of-sight applications only. Furthermore, station(s) shall use the minimum power level necessary to establish communications links to minimize potential interference to licensed users.
- (5) Silvus Technologies, Inc. may not advertise or display these devices unless they are accompanied by a conspicuous notice: "This device has not been authorized as required by the rules of the Federal Communications Commission. This device is not, and may not be, offered for sale or lease, or sold or leased to non-federal entities, until authorization is obtained from the Federal Communication Commission. Obtaining authorization from the Federal Communication Commission may not be possible as the operating frequencies used by this device are allocated to the federal government on an exclusive basis."
