1. You have marked the form itself confidential. As a matter of policy, we will not withhold from public any information necessary for interference mitigation. This includes applicant name, contact info, location, frequency and power, all of which are contained within the form. If there is nothing in the form itself that cannot be released to the public, state this. If there is anything in the "Why STA is necessary" or "Purpose of Operation" text boxes that is confidential, you will have to request withdrawal of the application and refile, since this information must be available to the public and cannot be removed from the initial version of the application.
2. Your application mentions that the experiment will be described in greater detail in an exhibit. There are no exhibits attached to this application.

The items indicated above must be submitted before processing can continue on the above referenced application.
