

ATTACHMENT 2 – FAA Antenna Sketch

This is a request for waiver to a specific sketch to be submitted. Instead all rules of FCC Part 97 Amateur Radio rules will be used in any and all antenna installations under this experimental operation.

No antenna will exceed 100 meters in height above ground level and all installations will meet Part 97 rules as to placement near FAA airports for the purpose of this experimental operation.

Respectfully submitted,

Southeast Texas Telecom, LLC

Coordinator and requester of this experimental license
