Quarterly Progress Report Number Sixteen

Dear Mr. Smith:

In accordance with the Federal Rules and Regulations Part 5, Section 5.204(b), attached please find quarterly progress report number sixteen for Southwestern Bell Technology Resources, Inc. in connection with our personal/wireless communications testbeds.

The main objective of our St. Louis and Austin testbeds is to verify performance of the emerging wireless communications systems and technologies prior to integration into one of SBC Communications Inc.'s business units.

This report is behind schedule due to personnel changes.

Please direct any inquiries to me at 512-372-5810.

Sincerely,

John A. Moore
Director, Wireless Communications
