Subject: Request for Info - File #0722-EX-PL-2013

---

Message:

After review of 47CFR101.601, Part 90, Subpart C, we don't believe SpaceX qualifies for a Part 101 license for this microwave link. We will continue to operate on a non-interference basis. The link will be used infrequently on the order of once ever 2-3 months for several hours.
