Mr. Young,

I have submitted version 1 of the RADSat ODAR to the FCC. I am hoping that any revisions will be minor, but please let me know if any changes are required. I will do my best to respond to any questions about the ODAR or SpaceCap file over my winter break, but I will not be able to do much until I get back around the middle of January. In the meantime, I will begin formatting the ITU cost recovery letter and begin the process of getting signatures when I get back. However, the club is tight on money, so we will need time to discuss the payment situation. I am fully aware that we must pay the appropriate fees, but I want the club to be as aware as I. Please let me know if you have any questions.

Sincerely,

Michael Weinhoffer
