Carl

Many thanks for your help on:
File no: 0514-ex-st-2004

Confirmation no: EL361707.

The information you asked me to confirm:

No of units to receive will be 50

There will be no Charge for these receivers

The receivers are made to comply to Part 15 of the FCC rules
(my admin person has gone home, but the LCC no will be sent tomorrow)

The frequency is 62.7MHz

The Indianapolis people at the Society of Broadcast Engineers passed me to David Otti who stated that Channel 3 is clear for the two days of 3-4 September at Saratoga Springs/Albany.
This he said I can get confirmation from David Lass their Volunteer Information person at WRGB TV. I have left a message with him.

Thanks for your help it is much appreciated.

Regards

Peter Downey
